

Pacific Northwest Young Cattlemen's Tour

Friday
January 20th, 2012

"The Pacific Northwest Young Cattlemen's Tour is a great opportunity for young producers to get exposure to different types of beef production models and network with producers and members of industry."

- Ryan Rademacher, Vet Student, OSU

**Free Event Includes
Lunch and Dinner!**

"The PNW Young Cattlemen's Tour is the first of its kind. The industry support and young cattlemen participation has far exceeded expectations. It's been a great way for industry to give back to the young cattlemen and for the young cattlemen to have hands on experience."

- Ron Rowan, Beef Northwest
