**SATURDAY, JANUARY 22, 2011: Attend 7th Annual Cattlemen's Workshop, La Grande, OR.**

All those "young at heart" are invited to participate, so there are no age limitations. The conference is a great opportunity for younger members that are back on a family ranch or are considering starting their own operation as well as members who might still be in college who are considering going back to a ranch or looking for a job within the cattle industry. The PNW YCC is a chance to look at the cattle business from many different perspectives and hear from true movers and shakers who are helping to direct the future of our industry.
